

## SCHOOL CEREMONIES AND OBSERVANCES

The Board of Education recognizes the value of certain ceremonies and observances in promoting patriotism and good citizenship among the students. Therefore, activities in schools commemorating national holidays such as Memorial Day, Thanksgiving and President's Day are encouraged.

The Board remains impartial with regard to religion and seeks neither to advance nor inhibit religion. However, the Board recognizes that activities related to the celebration of religious holidays present an opportunity to teach about religion and foster respect and understanding among students. Therefore, activities related to the observance of religious holidays shall be permitted to the extent that they are conducted in an unbiased and objective manner and focus on the origins of the holiday, its history, and the generally agreed upon meaning of the holiday observance.

In planning activities related to a religious holiday or theme, special effort should be made to ensure that the activity is not devotional and students of all faiths can join without feeling that they are betraying their own beliefs. Therefore, school and class plays shall not be overtly religious and church-like scenery shall be avoided, religious music shall not entirely dominate the selection of music, and program notes and illustrations shall not be religious or sectarian.

The display of religious objects or symbols is also prohibited except to the extent that they are used as a teaching aid or resource to provide examples of cultural and religious heritage within the context of a short-term study in the curriculum such as world religions, art or history. Symbols which are secular and seasonal in nature, such as Santa Claus and Easter bunnies, can be displayed in a seasonal context.

Students shall be given the option to be excused from participating in those parts of a program or curriculum involving a religious theme which conflicts with their own religious beliefs.
