

SAFETY PROGRAM

The Superintendent of Schools will be responsible for the development of a safety program for the school. General areas of emphasis will include, but not be limited to: in service training, accident record-keeping; building inspection; driver and vehicle safety programs; fire prevention; school site selection; and emergency procedures; and traffic safety problems relevant to students, employees, and the community.

The practice of safety will also be considered a facet of the instructional program of the school district by virtue of educational programs in traffic and pedestrian safety, driver education, fire prevention, and emergency procedures appropriately geared to students at different grade levels.

All employees are responsible for safety and are mandated to report to the Superintendent or appropriate building administrator whenever hazards on the job are encountered.
